End Table, Round

End Table, Square

Coffee Table

Table Top

Laminate tops are constructed of 1" ULEF (ultra-low emissions formaldehyde) particle board (Phase 2 CARB compliant) core.

Tops are available with choice of edge materials:

- PVC – Semi-rigid G92B poly-vinyl chloride (PVC) pellet material melted and extruded through one of several die-head profiles.
- 2mm Bio Edge – Pellet material melted and extruded through a die-head profile. This edge has a bio-based content of 88% that is made from rapidly-renewable corn.
- Self Edge – 1/16" high-pressure plastic laminate sheet bonded to the table-top particle board with a water-based glue.

Edge Style Options

Frame & Legs

Constructed of high-carbon content cold-rolled seam-welded flash-controlled steel tubing free of crimping on all bends. End frames are 1 3/4" O.D. 14-gauge cold rolled steel tube. Legs are welded to support brackets that are connected to the table top.

Warranty

Tables are warranted against defects in materials and workmanship for a period of 25 years from date of delivery. Please refer to our written warranty for details.

Note

Finishes shown in this literature were readily available at the time of photography. However, Sauder Education cannot guarantee continuing availability of any finish.
